CURRENT VOCABULARY (WORDS + SIGNS)

What signs and/or words does your child currently use?
It's best to make this list over a period of at least several days rather than guessing.

Note: A "word" is a sound or sounds that your child consistently uses to mean someone or something. The word may or may not sound exactly like the adult version of the word (it might be missing sounds or have substituted sounds). A "sign" is a movement that is consistently used to mean someone or something and also may or may not look exactly like the adult version of the sign.

Target Word (what is your child trying to say?)	Sign? (Check if your child uses a sign for this word)	Verbal Production (what does it sound like when your child says it?)	Repeats? (Check if your child verbally repeats this word)	Uses Independently? (Check if your child verbally says this word without anyone first saying it)
Example 1. more	✓			
Example 2. water		wawa	√	√
Example 3. all done	✓	duh	√

2+ WORD COMBINATIONS (WORDS + SIGNS)

What signs and/or words does your child combine together? This can be sign + sign, sign + word or word + word. Only write down the combinations that they use on their own (without you saying/signing first).

If your child is not yet combining words or signs, don't worry! Just leave this blank. ©

ii your child is not yet combining words	if your child is not yet combining words or signs, don't worry! Just leave this blank. ⊜				
Word/Sign	s or signs, don't worry! Just leave this blank. What does it sound like when your child says this word?				
Example 1: more water	moe wawa (both verbal)				
Example 2: done mama Example 3: eat cracker	All done (sign) + mama (verbal) (both signs)				
Fxample 3: eat cracker	(hoth signs)				
Liample 3. eat Glacker	(both signs)
